Certificate in Web & App Dev
Sir Syed University of Eng. & Tech

Bachelor of Commerce (B.Com)
University of Karachi

LANGUAGES

English — Professional
Urdu — Native

PROFESSIONAL SUMMARY

Senior Full Stack / MERN Stack Developer with 5+ years of experience building scalable web applications, enterprise dashboards, REST APIs, and backend systems. Skilled in React, Next.js, Node.js, NestJS, Angular, MongoDB, PostgreSQL, MySQL, and MS SQL, with experience in AI integrations, cloud, real-time systems, and performance optimization.

WORK EXPERIENCE

Sr MERN Stack Developer

QBS.CO · Karachi

- Built and optimized full-stack MERN applications with secure, scalable REST APIs and optimized MongoDB schemas.
- Developed reusable React.js components and led debugging/integration testing within Agile/Scrum teams.
- Reduced API response time by 90% via MongoDB query optimization and Redis caching.
- Improved application performance/load speed by 80% through code-splitting and React optimization.
- Cut production bugs by 95% by introducing structured testing and code-review practices.
- Delivered 100%+ features/modules ahead of sprint deadlines, boosting team delivery speed.

2023 – 2026

Frontend Developer

The Bitwits · Karachi

- Built enterprise dashboards with React, Angular, Tailwind CSS and Chart.js, including role-based access control modules.

2019 – 2022

CLIENT ACHIEVEMENT

Custom Inline Calendar Development

QBS.CO · Connect QBS

I built a custom inline calendar that required a lot of hard work and effort.
I accepted the challenge, accomplished it, and successfully achieved the delivery.
